<b>Class</b>	10	9
<b>Study Scheme</b>	O-Level	O-Level
<b>Field of Interest</b>	Physics	Computer Science
<b>Introductory Paragraph - the initial 'I. Me, Myself' from the Mentees themselves...</b>	I am Ahsham from Lodhran. I study at Cadet college Hasan Abdal. I love to play basketball and am learning the violin as a skill. My academic interest is in science (physics in particular). But I am planning to choose business as my future profession.	My name is Muhammad Abdullah Khan, and I am from Iqbal Wing 70th entry. My kit no is 70041 and I am in class 9th. I want to be a surgeon in the near future. My strong trait is that I like to participate in extra curricular and co curricular activities, as I have participated in English debates two times and have been in Wing football team in both classes, 8th and 9th, so far. My weakness is that I do not have interest in computer science which I know will be a helpful subject in the years ahead.

<b>Mentee</b>	Maaz Atif	Muhammad Hadi Yousaf Lagari
<b>Wing</b>	Iqbal	Haider
<b>Class</b>	10	9
<b>Study Scheme</b>	O-Level	O-Level
<b>Field of Interest</b>	Mechanical Engineering	Biomedical Sciences
<b>Introductory Paragraph - the initial 'I. Me, Myself' from the Mentees themselves...</b>	My name is Maaz Atif and I belong to 69 entry Iqbal wing. I am an O-level student who loves science, technology, engineering, and math and will be appearing for my CIES in 2025. I am an inspiring youth determined to progress in my chosen field of influence. For this I shall need your guidance and support as well as some insights from your personal life experiences. I excel in problem solving and creativity. Moreover, I am member of my college geo-modelling club making geological frameworks at the school level. Furthermore, I have a great passion towards playing squash and am a member of my college cadet college Hasanabdal squash team. I look forward to become an innovator who solves real-life problems using modern technology and methods and have a passion towards aeronautical engineering.	My name is Haadi Laghari, from the 9th grade, H/W 70th. I'm from Muzaffargarh, but originally from a village called Jatoi in South Punjab. I want to be a maxillofacial dental surgeon, as I have a deep interest in surgery. Alongside this, I'm passionate about entrepreneurship. My plan is to first complete my medical studies and become a surgeon, but at the same time, I also want to develop myself as an investor and entrepreneur. Once my education is complete, I intend to pursue a business career. In terms of strengths, I've participated in Urdu debates and enjoy public speaking, regularly speaking at our morning assemblies. I also have an interest in singing and play a little guitar. I'm passionate about athletics as well and am proud to be the fastest in my wing's entry. As for weaknesses, I'm a bit socially reserved – I tend to speak to only a few people, and I can sometimes take jokes more seriously than intended. Looking ahead, my dream is to attend Harvard University, and I've set clear goals to make that happen.

<b>Wing</b>	Liaqat	Liaqat
<b>Class</b>	10	9
<b>Study Scheme</b>	O-Level	O-Level
<b>Field of Interest</b>	Business	Law
<b>Introductory Paragraph - the initial 'I. Me, Myself' from the Mentees themselves...</b>	My name is Muhammad Yousaf Khan: class 10, Kit number 69088. I have not decided on my field of interest yet but am interested in Bussiness and LAW	I am Syed Ayaan Kazmi from Liaqat wing 70 <sup>th</sup> entry. Although I have not decided yet what to opt as a career but have recently started considering Law and Business as an option and graduate from any ivy league in the future. I am still considering further career options. I am quite good in academics and am also interested in debating and recitation. Besides that, I am very determined in swimming, wanting to compete in some regional competitions and basketball but I really lack in making changes and big decisions in life. I have difficulty to choose something from a wide range of options and through this mentorship program I look forward to be more clear about my career and seek direct knowledge and passion. I also want to make decisions with more ease.

<b>Mentor</b>	<b>Azhar Shah</b>	
<b>Mentee</b>	Salar Haider	Hamdan Bin Rashid
<b>Wing</b>	Omar	Jinnah
<b>Class</b>	10	9
<b>Study Scheme</b>	O-Level	O-Level
<b>Field of Interest</b>	Business	Business
<b>Introductory Paragraph - the initial 'I. Me, Myself' from the Mentees themselves...</b>	My name is Salar Haider and I hail from Gilgit City. Currently studying at Cadet College HasanAbdal I am an O-levels student in my final year. In future I would like to go into Business Managements as I love the idea of building a corporate ladder. Currently my extracurricular lean towards Mathematics, Astronomy and Computer Science: I am a two-time consecutive SEAMO Gold medalist (Mathematics) and IAAC (Astronomy) bronze distinction holder along with attending a boot camp of python in Veritas AI.	My name is Hamdan Bin Rashid, 70 <sup>th</sup> Entry Jinnah Wing. I belong to Sialkot. My father works abroad for a multinational company in the UAE.. I am currently in the second grade of O levels. As far as my curricular activities are concerned, I am pretty active in my studies and fall in more than average-scoring students. I also participate in various extracurricular activities such as urdu debates, various Olympiads, etc. I had previously participated in the Global Youth Entrepreneurship Challenge, Seamo, and many others and scored well. I adore playing hockey. Apart from these, as far as my personal ambitions are concerned, I love to start up my own business but also have a heart for civil services, but as far as my parents are concerned, they want me to go into medical fields or to join the army, and that's the reason I'm confused about my exact ambition to follow. But I believe that as now I have been given the opportunity to get mentorship from you, I expect a lot of my confusions to be resolved. My expectations for our future interactions would be 3 or 4 times a week through email or video calls.

<b>Field of Interest</b>	Aerospace Engineering	Biomedical Sciences
<b>Introductory Paragraph - the initial 'I. Me, Myself' from the Mentees themselves...</b>	<p>I am Bilawal. I am currently in 10th class. I live in a small town in Jhang. I am a SEAMO silver medalist and am the best Urdu debater. I am a hybrid calisthenic athlete and I have participated in several mid-distance races like 800m and 1600m. I have a passion for RC aircrafts and machines and also I am a member of the college aeromodelling club. I want to study mechanics and aeronautics.</p>	<p>my name is Muhammad Jalal Sarwar. I belong to Iqbal wing 70<sup>th</sup> entry. My father is a sessions judge. I have interest in sciences, especially medical sciences. Therefore, I want to become a Doctor as I grow up. My strength is that I try to learn things and, try to get better in it. The point in which I am lagging at this time is that I do not know how to build my profile according to the field I have chosen. I expect my mentor to guide me to build a profile which could help me in getting into a good medical college.</p>

<b>Field of Interest</b>	Business	CSS
<b>Introductory Paragraph - the initial 'I. Me, Myself' from the Mentees themselves...</b>	<p>My name is Muhammad Umar Hussain. I am from Haider wing 10th class. I am really interested in business and entrepreneurship. I am also running two of the small-scale business companies. Working as an owner in one of them and working as a sales-men in the another one. I am really good in persuading, management and individual work. Though I am not good at sciences and do not like the fields of sciences. That was about me.</p>	<p>My name is Sardar Balaaj Haroon, and I am from the 70<sup>th</sup> entry, of Haider Wing (currently in 9<sup>th</sup> grade). I want to grow to be a CSS officer, and mainly join the Police or PAS force. I want to strive to make the lives of the underhanded people of Pakistan better, and it is my primary ambition. It is my wish to gain first-hand experience from you and be guided by your accomplished life and make it a means of stepping stones for me. I have been told of the particular toughness of the CSS exam and if you were to be able to give me any tips, I would be very grateful.</p>

<b>Wing</b>	Iqbal	Omar
<b>Class</b>	10	9
<b>Study Scheme</b>	O-Level	O-Level
<b>Field of Interest</b>	Computer Sciences	Arts
<b>Introductory Paragraph - the initial 'I. Me, Myself' from the Mentees themselves...</b>	I'm a 10th-grade student with a strong ambition to pursue Computer Science, specifically tackling the opportunities AI may provide in the context of education. My strengths are primarily my ability to work well under pressure and take initiative; I find satisfaction in overcoming meaningful challenges and enjoy the obstacles that they often present. However, I recognize that procrastination is one of my biggest weaknesses, which I'm actively working to improve through consistent practice and self-discipline.	My name is Noshair Sultan Kit no. 70062 from Omar Wing 70th entry. My leading interests are literature and film which I would like to pursue in the future. I'm passionate about using film and other arts to shed light on important social issues which I would like to do for a living in the future. My aim in life is to be a globally well known film and literature personality. I would like a mentor who is familiar with this world and has many Connections in this very industry.

<b>Wing</b>	Haider	Haider
<b>Class</b>	10	9
<b>Study Scheme</b>	O-Level	O-Level
<b>Field of Interest</b>	Business	Computer Science
<b>Introductory Paragraph - the initial 'I. Me, Myself' from the Mentees themselves...</b>	<p>My name is Abdullah Khan and I belong to H\W class 10th. I am an inspiring young student who dreams to become an entrepreneur. For this I shall need your guidance and support and some insights from your personal experience. I am an O level student who loves science and math. I excel in leadership roles and teamwork as well as good communication skills. However, a possible grey area of mine is that I am sometimes a bit emotional in my judgement. I am a determined youth who is leading my colleagues into various college competitions. Furthermore, I am a member of my college calligraphy club making art pieces at college levels. I love to play football and am a member of my wing team as well.</p>	<p>MY name is HANZALA KHAN from 70th entry , HAIDER wing . I am from WANA , SOUTH WAZIRISTAN . I find myself particularly interested in both computer science and the medical field. These areas fascinate me, and I'm excited about the possibilities they offer. I come from from a background where there is no focus on education . Right now I need guidance in choosing my field . I want that whatever field I choose , I want to serve my people . I need guidance to make my dreams true .I hope to learn from your experience and excel in my chosen field of my life and serve my people.</p>

<b>Mentee</b>	Haseeb Iqbal	Abdullah Aziz
<b>Wing</b>	Haider	Jinnah
<b>Class</b>	10	9
<b>Study Scheme</b>	Matric	O-Level
<b>Field of Interest</b>	Business	Physics
<b>Introductory Paragraph - the initial 'I. Me, Myself' from the Mentees themselves...</b>	<p>My name is Muhammad Haseeb Iqbal. I am student of class 10 th. I have been good in Academics since class 8 th and I scored 97.4% in my Board examinations. I am a sportsman as well as I am the member of College Basketball team. Moreover, I was the participant of RS international conference held in Colombia, South America. I have keen interest in Business Studies. I am the member of College Business club and served as Event head in Abdalian Entrepreneurship summit. I actually want to pursue my business studies from United states. I would love to have such a individual as my mentor who have the experience in this field and can guide me throughout the process</p>	<p>My name Is Abdullah Aziz, Currently in class IX, Jinnah Wing. I like to think that I have an Aptitude for sciences rather than Humanities. As far as my future career is concerned, I am unsure of which field to take (Which is why I have volunteered for the guidance program). I like to think that I can work well in a team and can handle responsibility. I have a problem in taking accountability and that is something I'd like to work on in the future. I am interested in participating in Extra-curricular activities such as the GYEC (Global youth Entrepreneurship Challenge), The Owlypia Global online challenge along with some Community service, However I am not much involved in any sports and play Squash recreationally, I also like to play Music and can play the Clarinet and the Piano. My expectations for our future interactions would be 3 or 4 times a week through emails or video calls.</p>

<b>Wing</b>	Aurangzeb	Jinnah
<b>Class</b>	10	9
<b>Study Scheme</b>	O-Level	O-Level
<b>Field of Interest</b>	Armed Forces	Biomedical Sciences
<b>Introductory Paragraph - the initial 'I. Me, Myself' from the Mentees themselves...</b>	I am Muhammad Abdullah Bhatti. My ambition is to go into army. Moreover, talking about my strengths i am a good sports man. On the other hand about weakness, I am weak at English.	Muhammad Awaab from the 70th entry Jinnah wing is my name. My father works in sales and marketing, and I'm from Multan. Although I am unsure of my particular major choice, I am interested in science courses. Although I am not knowledgeable about business, I am also curious about it. I also play hockey and football. Although I don't participate in many extracurricular or co-curricular activities, I did participate in an eco-internship program that required community service. In terms of my academic performance, I do well in the sciences but struggle a little in languages. I anticipate learning about many fields, their advantages and disadvantages, and their demand in the future after the sessions.

<b>Mentor</b>	<b>Shahzad Rashid</b>	
<b>Mentee</b>	Arsalan Bashir	Abdullah Saad
<b>Wing</b>	Aurangzeb	Jinnah
<b>Class</b>	10	9
<b>Study Scheme</b>	O-Level	O-Level
<b>Field of Interest</b>	Computer Sciences	Business
<b>Introductory Paragraph - the initial 'I. Me, Myself' from the Mentees themselves...</b>	My name is Muhammad Arsalan Bashir, and I am from Aurangzeb Wing 10th. I'm a student with a deep passion for computer science, and I aim to pursue a career in this field. I am in the last year of my O levels and will sit for my CIE exams in April 2025. In addition to my academic interests, I enjoy horseback riding, and I was proud to participate in the Interwing Riding competition, where I was recognized as the best rider. I also have a keen interest in public speaking and participated in the Interwing English Debate, which was a great experience for me. Furthermore, I am a member of the wing swimming team, which allows me to stay active and connect with my peers. Additionally, I am interested in joining the army as a technical cadet, as I believe it would provide me with valuable skills and experiences that align with my passion for computer science. I am excited about this mentorship opportunity and hope to gain valuable insights into the computer science industry and further develop my skills.	I am Abdullah Saad from Jinnah Wing 70th Entry in 9th Class. I have chosen my career as a business person because I am very interested in Humanities. My main aim is to fulfill people's needs and be very successful in it, throughout the globe and I really hope that Mr. Shehzad Rashid will help me achieve my dreams and my long-term goal. My strong point is that if I make a commitment, I do not turn back until I succeed. I want to start my business now so that when I enter the professional field, I already have experience, so that I can succeed before my 40's. However, if I cannot focus on a thing, it takes time for me to catch it. I work hard for anything, but now, I am stuck as there are many things to do and there is almost no time for passion. I really hope that you will help me with this.

<b>Field of Interest</b>	Physics	Biochemical Engineering
<b>Introductory Paragraph - the initial 'I. Me, Myself' from the Mentees themselves...</b>	<p>My name is Muhammad Ali Waheed. I am from Islamabad. I'm passionate about math and science and hope to pursue a career in Engineering, though I'm not completely sure. I am good with mathematics and have received many awards in extra-curriculars too. I like to play basketball and am part of the college basketball team too.</p>	<p>I am Muhammad Tayyab of Liaqat wing, 70th entry. I wish to become a Biochemical engineer from one of the Ivy Leagues. I aim to serve people through my profession and also help eradicate illiteracy. I am the best in academics in my entry at this moment. I am also interested in debating and was the second best debater in 8th class, while I was unable to secure a position in 9th. I also like writing and would like to be an author (I am currently working on a book). I also wish to seek first-hand research experience to enhance my knowledge and passion. I have difficulty in pursuing my passions further through intense learning and by seeking opportunities related to my field. Through this mentorship program, I wish to be guided through various opportunities, explore other fields and gain as much knowledge and wisdom as possible.</p>
